Description

2020 Sea Ray SPX 230

Powered by a Mercury Verado 250HP V8, showing only 129 hours on the meter, this SPX 230 Outboard is designed with thrills in mind. It combines the power and manoeuvrability expected from a world-class sports boat with the spacious and luxurious comfort characterising the Sea Ray family.

The engine fitted on this boat is the newest Verado model designed by Mercury. This 4.6-litre V8 powerhead delivers exhilarating acceleration and top speed to run offshore confidently, with generous displacement and robust design that provide uncompromising durability and reliability. The Mercury-exclusive Advanced MidSection (AMS) and under-cowl noise management feature set the standard for smooth, quiet marine propulsion.

This boat is offered for sale with a remaining manufacturer warranty, registered trailer, and inshore safety package.
