Description

Nimbus Weekender 9 2022 Model

Powered by a Mercury Verado 300HP V8 Outboard DTS

Built to a standard, not a price.

Please note, photos are not of the actual boat and may show optional extras.

Arriving March 2022

Weekender 9 (W9) is a 9-meter weekend boat for social activities with overnight accommodation for four persons. The W9 is loaded with Nimbus DNA and design elements from historical nimbus models. The similarities with the iconic 26 DC are evident while there are many goodies from 21 DC, 32 DC, Max II, R series and the 305 Drophead. We have chosen the best of the best and have meticulously improved design, functionality, safety and comfort for all on board.

Excellent seaworthiness... and speed

The W9's hull is long, with a sharp bow section and a relatively flat hull at the stern. The Nimbus development team has purposely made every effort to maintain a low centre of gravity and obtain a beneficial length to width ratio that causes the boat to take a particular wavelength and cover the ocean safely. The new hull makes the W9 fast, with a maximum of +40 knots.

Functional design executed with care

The W9 features the prize-winning Nimbus Sidewalk design. This provides the boat with generous space for its size and makes it safe to move around the boat and foredeck. Clear walkways around the entire boat increase safety and provide a sense of security both in port and at sea

Specifications:

- Length (Hull): 9.35 m / 30.6 ft
- Width Max: 2.95 m / 6.68 ft
- Fuel Tank: 320 L
- Water Tank: 80 L
