## Description

### Campion 700iSportCabin Chase

High-tech, high-performance, luxury, sport utility, express cruisers, runabouts, stern drives, outboards, sport cabin, bow rider, closed deck, wake and surf boats. With more than 37 models and 48 variations, no other North American boat manufacturer offers this kind of choice. You have a choice because we have a choice. We are a family run business and have been building quality boats for over 40 years. We are also Canada's largest independent boat builder. We listen to our customers and we have the freedom to design and deliver the kinds of boats you want. Our focus is on bringing boaters like you the best value for your boating dollar. Of course, value means more than choice. It also means quality. To boaters around the world, the name Champion is synonymous with quality. You'll appreciate it in the details - every inch of every boat is beautifully finished, even in places you'll never look. You'll feel it in the ride - our award-winning hulls outperform the competition in handling, speed and fuel economy. You'll see it in other boaters' eyes - the way they can't resist a second look, a touch, a test drive perhaps?
